Welcome

The Development Squad is the Academy's honours program — like making the school representative team. Not everyone gets in. You apply. You earn it.

“Develop elite young martial artists. Not elite fighters.”

OUR MISSION

That wording matters. Some athletes won't want to fight. But every parent wants their child to become resilient, disciplined and confident — and that's exactly what this program builds.

Eligibility & Selection

Once a student achieves Blue Singlet, a new opportunity opens: they become *eligible* — not automatically accepted — for the Development Squad.

“You've mastered the fundamentals. Now you've earned the opportunity to train differently.”

SELECTION IS BASED ON

Attendance

Coachability

Respect

Technical Standard

Fitness

Desire

Leadership

The Selection Process

Selection runs over four weeks. This is not a program everyone automatically joins — students must earn their place.

Duration

4wk

A four-week selection trial, open to Blue Singlet and above.

Commitment

3x

Minimum 3 classes per week throughout the selection period.

EVERY WEEK, STUDENTS MUST

- ✓ Attend at least 3 Muay Thai classes
- ✓ Complete the weekly challenge
- ✓ Arrive 10 minutes early
- ✓ Help set up and pack away equipment

What Coaches Are Looking For

Technical ability is only one part of the assessment.

Coachability	Attendance	Effort
Positive Attitude	Respect	Consistency
Fitness	Discipline	Leadership
Teamwork		

“Hard work beats talent when talent doesn't work hard.”

WEEKLY CHALLENGE

300 teeps · 300 knees · 100 kicks each leg · 3km run · 100 push-ups · 100 sit-ups

Selection Outcomes

At the end of the four weeks, each athlete receives one of three outcomes.

Selected

1

Demonstrated the commitment, attitude and ability required to join the Urban Development Squad.

Developing

2

Made strong progress but should continue building consistency before the next intake. Encouraged to reapply.

Future Potential

3

Shown enthusiasm but needs more time to strengthen fundamentals and commitment before reapplying.

The Four Pillars

Everything the Development Squad builds is organised around four pillars: Technical Excellence, Fight IQ, Athletic Performance, and Leadership.

Technical Excellence

Perfect technique, using the grading syllabus as the foundation. Every month focuses on a theme — from perfect stance, footwork and jab, to defence, checking and Dutch drills, to counter fighting.

Pad Holding

Footwork

Clinch

Sparring Control

Fight IQ

This is where Urban separates itself. Teaching what most gyms never explain — distance, timing, ringcraft, scoring, reading opponents, strategy, creating angles, breaking rhythm, setting traps, decision making.

Athletic Performance

Instead of random fitness, everything is tested. Monthly testing across skipping, push-ups, sit-ups, plank, 1km run, 100 kicks, 100 knees, sprint test, vertical jump and grip strength.

Strength

Conditioning

Mobility

Power

Recovery

Leadership

Every squad member helps create the culture — helping beginners, holding pads for the Kids Academy, leading warm-ups, demonstrating technique, and representing Urban positively.

Squad Levels

Development Squad Gold

Go

The highest internal level — leadership, mentorship, and elite standards.

Weekly Schedule

Every day has a purpose.
